

Civic Soma, based in Hamburg is a bloodcurling, dynamic Heavy Psychedelic Rock band. Spherical energy, united with dirty groovy Rock and experimental elements are forming an incomparable sound with hints of Drum & Bass and Progressive Music. Not only the mind blowing voice of Marc Borchert is a unique trademark of this band. The instrumental section consisting of Nico Fiss on the drums, Arne Horstmann on bass guitar, Simon Vincenz Schmitz on the keys and Martin Schulz on guitar creates gloomy heavy Rock and breath taking atmospheres. Between relaxed and epic, between ease and thunder; but most of all Civic Soma is authentic and cannot simply be classified as Rock Music.
